HP 8000s	\$2...\$3*	10
HPZ 6100	\$2...\$3*	10

*Note: price will be determined based on your location and the number of cartridges you have.

What to do:

1. Pack your empty cartridges in big boxes.
2. Email us your address, phone number, box dimensions, the type and number of cartridges per box. Our email: support@solventcartridges.com Use the word **recycling** in the subject.
3. We will email you a UPS shipping label. Print it out and stick to the box.
4. Call 1-800-PICK-UPS to schedule a pickup.
5. When the pickup is confirmed, we'll immediately send you a check or PayPal money transfer (if you prefer).

Try to fit as many cartridges as possible in one box. Avoid shipping partially filled boxes. Do not use original individual boxes for each cartridge as they waste a lot of space. Do not put cartridges in plastic bags.
